Warranty Coverage

This New Vehicle Limited Warranty consists of the Basic Vehicle Limited Warranty and the Battery and Drive Unit Limited Warranty, each as described below.

The exclusive remedy available to you (or any subsequent purchaser) under this New Vehicle Limited Warranty is the repair or replacement of new or remanufactured parts by Tesla for the covered defects or the replacement of the Vehicle or refund of the Vehicle purchase price in certain limited circumstances as required by Hong Kong laws and regulations. Subject to the exclusions and limitations described in this New Vehicle Limited Warranty, such repair, parts replacement of the Vehicle or refund of the Vehicle purchase price will be performed by Tesla when Tesla is notified of the covered defect within the applicable warranty period. Basic Vehicle Limited Warranty

Subject to separate coverage for certain parts and the exclusions and limitations described in this New Vehicle Limited Warranty, the Basic Vehicle Limited Warranty covers the repair necessary to correct defects in the materials or workmanship of any parts manufactured or supplied by Tesla that occur under normal use within a period of 4 years from the date of delivery or 80,000 km, whichever comes first.

To provide you with even more assurance, this Battery and Drive Unit Limited Warranty will also cover damage to your vehicle from a Battery fire even if it is the result of driver error. (Coverage will not extend to damage that had already been sustained before a Battery fire occurred, or to any damage if the Battery fire occurred after your vehicle had already been totaled.) Your vehicle’s Battery and Drive Unit are covered under this Battery and Drive Unit Limited Warranty for a period of 8 years or for the number of km/miles specified below for your Battery configuration, whichever comes first:
